# SURVIVING THE HEAT

LA County's Cooling Center Program

[www.lacounty.gov/emergency](http://www.lacounty.gov/emergency)

2021

The County of Los Angeles' Cooling Center Program identifies free places where any member of the public can go to find relief during hot summer days.

Use this guide to find the Cooling Center nearest to you. All Centers are listed alphabetically by city, for easy reference. Hours, dates and times are also identified by Center.

**To view a map of these Cooling Centers, visit [www.lacounty.gov/heat](http://www.lacounty.gov/heat).**

Please note, information on Centers located in the City of Los Angeles are kept on a separate list, available by visiting [www.emergency.lacity.org/heat](http://www.emergency.lacity.org/heat).

We hope that this information is helpful and helps you plan ahead for summer heat. Use the following safety tips to protect yourself and stay safe during hot weather:

- ◆ Avoid the sun from 10 a.m. to 3 p.m. when the burning rays are strongest.
- ◆ Reduce physical activity.
- ◆ Wear a wide-brimmed hat and light colored lightweight, loose-fitting clothes when you are outdoors
- ◆ Avoid hot, heavy meals that include proteins.
- ◆ Set your air conditioner between 75° to 80°. If you don't have air conditioning take a cool shower twice a day and visit a public air conditioned facility.
- ◆ Check on elderly neighbors and family and friends who do not have air conditioning.
- ◆ Drink plenty of fluids even if you are not thirsty. Avoid alcohol.
- ◆ Use sun screen with a sun protection factor of at least 15 if you need to be in the sun.
- ◆ Don't forget about your pets, they need plenty of water and shade.
- ◆ Insulate your home by installing weather stripping around your doors and windowsills to keep the cool air inside.

Symptoms of dehydration and heat cramps include dizziness, fatigue, faintness, headaches, muscle cramps and increased thirst. For more information or additional locations, please call 211 for LA County or 311 for LA City.
